

DJ HAYWEEZY

TECHNICAL & HOSPITALITY RIDER

Club, event and festival bookings

ARTIST SETUP

DJ Hayweezy is happy to work with any professional DJ controller or standard club setup. Please confirm the available equipment with me directly in advance so I can ensure the booth is prepared correctly.

01 TECHNICAL REQUIREMENTS

DJ equipment

Flexible equipment: DJ Hayweezy is comfortable performing on any professional DJ controller or standard club setup, including Pioneer CDJs with a compatible mixer or equivalent equipment.

Artist laptop

DJ Hayweezy brings and uses their own laptop. Please ensure there is enough space for it and the necessary connections are available.

Booth monitor

At least one (1) working DJ booth monitor, positioned so the artist can clearly hear the mix.

Sound system

A professional PA system connected to the DJ setup and suitable for the venue or event.

Power and booth

Reliable nearby power, a stable and clean DJ table/booth, and enough space for the equipment.

Soundcheck

Please allow time for a brief soundcheck before the performance.

SETUP COORDINATION

Please share the planned DJ equipment and booth setup with me directly in advance. If any details need clarification, we can agree on them before the event.

DJ HAYWEEZY

HOSPITALITY RIDER

Simple requests to help the artist prepare and perform comfortably

02 HOSPITALITY

Water

Still drinking water available on arrival and during the performance.

Towel

A clean hand towel, if available.

Food and refreshments

For extended bookings, meal or additional refreshments to be agreed with me in advance.

Personal belongings

A safe place to store personal items while performing.

Access and timing

Venue access at the agreed arrival time, with enough time for setup and soundcheck.
